

Ferrari Portofino European Road Tour arrives in Norcia!

Palazzo Seneca R&C – Vespasia Restaurant 

Ferrari
Portofino

The Ferrari Portofino will be the undisputed star of a Europe-wide tour that hits the road on 2018 16th April 2018. The famous Ligurian town, that both gave the car its name and played host to a world premiere attended by hundreds of clients last September, provides the starting line from which 20 examples of the new Ferrari will depart to over 60 cities across the continent.

Norcia and Palazzo Seneca R&C had the pleasure to share the path of these amazing cars supporting this important event and proposed a high level culinary experience thanks to the wise union of their restaurants' experiences: Vespasia restaurant, 1 Michelin star, and Granaro del Monte restaurant, deeply tied to the gastronomic history of the destination.

Three alternating itineraries will crisscross very different terrains, ranging from the rolling Tuscan and Umbrian hills to the slopes of the Alps, the Cote d'Azur, the Scandinavian Peninsula, Stockholm Bay and the Port of Belfast. Settings that will provide the perfect showcase for the driving pleasure and versatility of this stunning convertible GT, permitting clients to savour the V8 engine's 600 cv, the handling and superior in-car comfort that put it at the top its category.
