THE MASSAGE

Massage (from Greek “massō” meaning “to handle, touch, to work with the hands, to knead dough”) is the most ancient form of physical therapy used by several civilization to ease the pain and decontract muscles removing strain. Nowadays we find massage in physiotherapy, alternative medicine and in beauty treatments. There are many kind of massage: relaxing, muscular, athletic, lymphatic drainage massage, for the treatment of cellulite. Other oriental physical techniques like shiatsu, thai massage or ayurvedic massage are included in massage techniques.

HOLISTIC MASSAGE

A mix of techniques such as classic Swedish, shiatsu, applied on the entire body, that merge together in a special and enchanting massage thanks to the ability of the masseur.
